

## Medical providers in the Middle East – May 2022

Financial advisors, Brokers and Banks who have terms of business with Zurich are authorized to set-up appointments for medical examinations for their customers. Tests can only be arranged with medical clinics and hospitals within this Zurich Panel.

### To book an appointment for the customer:

- Complete the 'Medical Request Form' and email it to the preferred clinic with relevant client details especially when booking for office/home medical service.
- Clinic will confirm the appointment request.
- Inform your customer to prepare for the tests eg. wear comfortable clothing and walking/running shoes for exercise ECG.
- Advise your customer to carry a valid government issued photo ID document to the appointment.

The results of the medical tests may take one or two working days to reach Zurich.

**Top tip:** Mention clinic name including address, time, and date of the appointment on the application health and lifestyle questionnaire, so our underwriting team can follow up.
