### Why Futura is for you

Futura allows you to ensure that your loved ones and your income are protected should you or your partner pass away, contract a critical illness or a disability.

#### Tailored to meet your needs

We recognise the unique contribution that you and your partner provide in raising your family and therefore provide the option to cover more family members. You can even adjust the payment frequency based on what's convenient to you.

#### A range of protection options

You can customise Futura to suit your personal protection needs. You can choose additional covers to build a protection plan, such as critical illness which comes with free children's critical illness cover. You can also change the amount of cover as your protection needs change.

#### Makes your money work for you

Futura enables you to invest your money in a range of funds that can help you reduce your insurance costs as your investment grows. It also provides you access to this money should you require it in an emergency or decide to stop your plan.
